Non-Sectarian Content Policy

Graduation Alliance's private school program, as well as its programs offered to students through public school districts, is non-sectarian in nature. While it is necessary for some lessons to address the religious beliefs of various peoples in the context of geography and history, for example, these lessons only explore religion to the extent that it is reasonable with regard to the standards and objectives of the course. These lessons do not address any particular religion with undue attention and are free of biased language. Instructional materials remain non-sectarian in content; verbal or written contact between any representative of Graduation Alliance and any student(s) must be clearly non-sectarian in nature. *(p. 31 of Policy and Operations Manual)*
